## A REIGN OF TERROR EXISTS IN COLORADO

RIOTS FOLLOW THE KILLING OF NONUNION MINERS BY AN INFERNAL MACHINE.

FIFTEEN MEN MEET DEATH

OVER A SCORE OF OTHERS HURT AS A RESULT OF CLASHES WITH THE MILITIA.

WHOLESALE ARRESTS MADE

STATE TROOPS CAPTURE NEARLY TWO HUNDRED MEN AND PUT THEM IN PRISON.

Denver, June 7.—A reign of terror brought on by a diabolical dynamiting plot, followed by rioting and an assault upon the militia, exists in the Cripple Creek mining district. Armed men through the streets and conflicts are of hourly occurrence. Militiamen are marching hither and thither, making arrests by wholesale. A number of union miners have been placed in the military bullpen and others are being gathered in at frequent intervals. City and county officials have been compelled to resign their offices because of their reputed sympathy. As near as can be estimated fifteen are dead and a score or more injured as a result of the events leading up to the conditions above described.

Beginning with Monday morning when an infernal machine, set under the station platform at Findley, on the line of the Florence and Cripple Creek railroad, was touched off and a number of nonunion men who were waiting for a train were killed and others horribly mangled, events followed thick and fast. They culminated in a riot at a mass meeting where bullets flew and at least one was killed and a number injured.

Militia and Miners Fight.

Later as a company of militia was marching past union headquarters pursuing their search for union miners, they were fired upon, according to reports, from armed men concealed in union hall. The soldiers stormed the building and from last accounts at least four unionists were wounded. The remainder fled precipitately, blood streaming from the wounds of the injured. The soldiers who were unhurt pursued and arrested a number of the fleeing men and continued far into the night to scour the country in search of men supposed to have been in union hall at the time of the assault. At the headquarters of Adjutant General Bell in this city everything is in readiness to promptly meet a call for additional troops in the gold camp.

**G. W. MOSIER, Agent.**

Monday's outburst had its inception in the strike of the members of the Western Federation of Miners something over a year ago, when 4,000 men quit work for the purpose, primarily, of enforcing an eight-hour day. This action so incensed the mine owners that they declared a war on unionism and the breach has grown wider with the passage of time. Much lawlessness has prevailed in the strike-ridden district and unionists have been brought to trial on numerous charges. They were invariably acquitted, however.

The Western Federation of Miners will investigate the dynamite outrage at Cripple Creek.

**RIOTING BREAKS OUT**

**FORTY SHOTS FIRED INTO CROWD OF PEOPLE ON STREETS OF VICTOR, COLO.**

Victor, Colo., June 7.—Rioting broke out in this city Monday afternoon, while a mass meeting was being held to discuss the murder of twelve nonunion miners by means of an infernal machine at Independence. Forty shots were fired in a crowd in the street. One man was killed and six persons at least injured.

R. McGee of Victor was shot through the heart.

William Hoskins and Alfred Miller, both of Goldfield, were shot and may die; J. D. Davis, Peter Fleming, Fred Strudes and an unknown man were also wounded.

Secretary Clarence C. Hamlin of the Mine Owners' association, concluding a short address, said:

"I want to hear what the boys in the mines have to say about this trouble."

William Hoskins, a union miner from Goldfield, threw up his hand and shouted: "Let me talk."

At this the crowd began to hiss Hoskins and cry "Put him out."

A free for all fight followed and shooting began.

Crowd Quickly Scattered.

Most of the shots were directed skyward. Hoskins fell with a bullet in his body and the crowd scattered in every direction.

Secretary Hamlin, who had been standing on a wagon, kept talking, unmindful of the hail storm of bullets that whizzed about his head.

After the first excitement had somewhat cleared away the injured and the dying were gathered up.

McGee, who was instantly killed, had been standing on an embankment thirty feet above the men who had been fighting and was an innocent spectator.

A pitched battle is looked for at any moment. There are 5,000 men on the streets and union men are arming themselves.

Without explanation and with a suddenness that has caused great surprise, Sheriff Henry M. Robertson, an ex-union miner, resigned his position and Edward Bell was named to succeed him. Bell is a member of the Citizens' Alliance.

**MINERS AND TROOPS FIGHT.**

Latter Storm and Capture the Union Hall.

Denver, June 7.—Adjutant General Bell has been informed by telephone from Victor that an attack was made Monday afternoon on miners' union hall by a squad of soldiers. Major Taylor sent guards to aid in quelling the disturbance on Fourth street.

When the uniformed men swung into Fourth street they were fired upon from houses on both sides of the street. They returned the fire and raced on at a double quick until they were near the miners' union hall. At that point the mob scattered and as the soldiers halted several shots were fired at them from the windows of the hall.

The doors of the building had been left open and a dozen guardsmen fired into the hall as fast as they could work their rifles. After a few volleys the order to take the place by assault was given and they jumped in. It was reported to General Bell and a number of men were killed, but none of the guardsmen were injured.

A special to the News says that no one was killed in the attack, but Peter Calderwood, Edgar McKelvey, Arthur Parker and Thomas McManus were shot in the legs.

There were about sixty miners in the hall. Soldiers stationed in the street and on the roofs of buildings across the street fired volleys through the curtained windows of the union hall. After exhausting their ammunition in return fire, the miners came down stairs with hands uplifted and bearing a white flag. They were surrounded by soldiers and escorted to the bullpen. From all accounts about 175 men are now held in the military prison.

**EXCITEMENT RUNS HIGH.**

Outbreak Liable to Occur at Any Moment at Victor.

Colorado Springs, June 7.—A special from Victor to the Gazette says:

At 12:30 this morning the streets of Victor were still thronged with people and the excitement was high. Sheriff Bell seems to have secured control of the situation at this hour, but this tension is so high that any little thing might cause an outbreak.

Reports of Sheriff Bell being shot are without foundation.

**Kills His Wife and Himself.**

Higginsville, Mo., June 7.—Herman Tebbenkamp, a farmer near Concordia, in this county, shot his wife and then himself. Jealousy and drink are said to be the cause. Both are dead.

## THIRTEEN MEN SLAIN

INFERNAL MACHINE WIPES OUT NONUNION MINERS AT INDEPENDENCE, COLO.

SEVERAL OTHERS ARE HURT

FRAGMENTS OF BODIES HURLED THROUGH SPACE FOR MANY HUNDRED FEET.

Cripple Creek, Colo., June 7.—Thirteen men were killed by the explosion of an infernal machine at the railroad station in Independence Monday, and seven others were seriously injured. Eleven men were killed outright, and two died later from their wounds. All the killed and injured, with the exception of two men from the Deadwood mine, were nonunion miners employed on the night shift of the Findley mine. The men had quit work at 2 a. m. and were waiting to board a suburban train on the Florence and Cripple Creek railroad and return to their homes in Cripple Creek and Victor. Just after the engineer of the approaching train blew his whistle as a signal to the miners, according to custom, a terrific explosion occurred underneath the station platform, on and near which twenty-six men were gathered. The platform was blown into splinters, the station was wrecked and a hole twenty feet in circumference and about as many feet in depth was torn in the ground.

Fragments Hurlled Through Space.

Fragments of bodies were hurled through space for several hundred feet and later were picked up still quivering. Some of the bodies dropped into the pit made by the explosion, but heads, hands, ears, legs, arms and trunks were strewn about on all sides. Pieces of flesh were found on buildings 500 feet away and blood stained everything within a radius of fifty feet. The force of the explosion was felt throughout the camp and the crash awakened everybody.

The approaching train was stopped and the train crew were the first men to reach the scene of the disaster. They were joined in a few minutes by hundreds of persons, and relief work was begun at once. A special train was sent from Cripple Creek carrying physicians, nurses, officers and many others, but when it reached Independence the injured had already been placed on board the suburban train and removed to the hospital in Victor. The mangled bodies of the dead, pieced together as well as possible, were removed to the coroner's office.

The dead are: Gus Augustine, aged fifteen; brother resides in Janesville, Wis.; Arthur Muhleise, Henry Haag, Alexander McLane, Charles E. Barber, Herbert McCoy, J. H. Hartsell, William Shanklin, E. Kelso, W. W. Delaney, Edward Ross and E. H. Johnson and Robert Sinclair.

Amputation has been performed upon a number of wounded, but it is almost certain that several of them will die.

**Dynamite Did the Work.**

The infernal machine with which the diabolical work was done consisted of a quantity of dynamite, estimated at 100 to 300 pounds, a loaded revolver and a long, slender steel wire attached to the trigger. The revolver was fastened so that the pulling of the trigger would not draw it away. The wire ran from under the station to the cribbing of the Delmonico property, about four hundred feet away, where its end was fastened to a rung of a chair. The dynamite was placed close to the muzzle of the revolver, which was discharged by pulling the wire when the engineer blew his whistle. The ball from the revolver exploded the dynamite.

A man was seen running down the hill from the Delmonico after the explosion. The Victor troops, who were ordered out by Major French, were so stationed as to keep people from passing over the path taken by this man and bloodhounds were sent from Canyon City and Trinidad for the purpose of trailing the assassin.

The infernal machine used Monday was similar to the one exploded in the Victor mine on Nov. 21, 1903, killing two men.

**TO ORGANIZE MARINE WORKERS.**

Proposed New Union Will Include Masters and Pilots.

Milwaukee, June 7.—The Sentinel says that a plan is on foot for organizing all marine workers into one gigantic association to be known as the International Marine Workers' association. The new organization is to include masters and pilots. According to Frank J. Weber, an officer of the Federated Trades Council, the plan will be proposed at the convention of the International Longshoremen, Marine and Transport Workers' association, which convenes here July 12, and it is probable that it will receive the hearty support of President Daniel Keefe, who long has been interested in a movement of this kind.

**Killed by a Trolley Car.**

New York, June 7.—Frank J. O'Connor was killed and Harry Scott probably fatally injured at Coney Island Monday by the starting of a trolley train, while the men were underneath a car making repairs.

## STRIKE ON IN EARNEST.

Trouble in Wisconsin Paper Mills to Be Long Drawn Out.

Appleton, Wis., June 7.—The strike of the paper mills employees is on in earnest and will probably be a long drawn out contest. About 1,000 employees are affected directly, and indirectly about three times as many. All but two mills in this city closed Monday, those two being out of the question from the first.

At Neenah the Kimberley and Clark mills, Neenah Paper company, Badger, Globe and Neenah mills are shut down. At Menasha the Howard mill has been closed for some time, while the Strange Paper company continues with one machine.

At Kaukauna one machine tender stopped the employees from walking out of the Utagamie mill, but it may close next Saturday night.

At conferences of employers Monday it was decided to start the mills with such help as can be secured, pressing superintendents and office help into the service. It will give the mills about one-fourth of the regular day's operation.

After pending work is finished in the different mills, an effort will be made to secure nonunion help to start up again.

**OPERATORS MAY STRIKE.**

Western Union Employees Threaten to Go Out.

St. Paul, June 7.—A general strike of all the telegraph operators in the employ of the Western Union Telegraph company in the United States and Canada is a probability of the near future.

That a strike of the men employed in the St. Paul office of that company will be called within the next few days seems certain.

The cause of the trouble is the discharge by the Western Union Monday of seven of their oldest employees, without cause, the men maintain. The only reason for their dismissal so far as can be learned from officials of the company was because of "business depression," caused by the loss of poolroom business. It is asserted by the telegraphers that five new men were employed immediately after the discharge of the seven men, who are members of the Commercial Telegraphers' union. According to the dismissed men they were let out solely because of their connection with the union.

President Long of the Telegraphers' union, it is said, has been summoned to St. Paul, to investigate the matter before a general strike is called.

**VESSELS OUT OF COAL.**

Russian Ships Cannot Get Out of Port Arthur.

London, June 7.—The correspondent aboard the Times' steamer Halmun, telegraphing June 6, says:

"It is pretty certain from intelligence received by the Japanese secret service that even if the channel of Port Arthur is practically clear for large draught ships, there is not sufficient coal in Port Arthur for such vessels to take the sea."

"The explosions heard at Port Arthur are believed to have been caused by the demolition of certain government buildings."

"A portion of the Japanese Second army corps will hold the land approaches to Port Arthur until Tallenwan bay shall have been made practicable for a further debarkation. Meantime a screen of mounted troops is being pushed up beyond Kalping for the purpose of allowing the reconstruction of the railway to proceed as rapidly as possible."

**DEADWOOD STILL ISOLATED.**

High Water Cuts Off the South Dakota City.

Deadwood, S. D., June 7.—While the waters of Whitehead creek have fallen to a considerable extent, they are still high enough to completely isolate the city, the mail from surrounding towns and camps being brought in over the mountains on pack horses.

The first estimate of the damage to the city is about correct, while that to the surrounding camps and country may aggregate a trifle more. At Terry on Saturday night the dam of the Horseshoe Mining company broke, letting the impounded water come with a rush through the main street of the camp. The flood struck a saloon, in which were eight men, two of them, Slavonians, rushed for the door and plunged into the stream in their excitement and were drowned. The building collapsed, injuring the others.

**GOVERNOR'S ACTION UPHELD.**

President of Miners' Union Must Remain in Jail.

Denver, June 7.—The state supreme court has refused the application for a writ of habeas corpus for Charles H. Moyer, president of the Western Federation of Miners, who is in jail as a military prisoner at Telluride by order of Governor Peabody.

The governor's action in declaring martial law in San Miguel county, imprisoning Moyer and other union men on the ground that they had incited insurrection and rebellion, suspending the writ of habeas corpus and ignoring the authority of the local courts as seems necessary to him in maintaining law and order, is sustained.

Chief Justice Gabbert and Justice Campbell concurred in the decision. Justice Steele dissented.

**Four Persons Severely Hurt.**

Ardmore, I. T., June 7.—A tornado near Comanche destroyed several houses. Four persons were severely hurt, but no deaths are reported. The schoolhouse at Williamsport was demolished and heavy damage to crops done.

## PORT ARTHUR FORTS

JAPANESE ARMY HAS BEGUN ITS ADVANCE UPON THOSE TO THE SOUTHWARD.

DRIVE THE RUSSIANS BACK

CRUISERS OF THE JAP NAVY BOMBARD TRENCHES AND COMPEL A RETREAT.

Shanghai, June 7.—The Japanese army has begun its advance on fortifications south of Port Arthur. There are two divisions moving on the westerly side of the Loatheshan promontory, and the force on the eastern side, information about which cannot be obtained, is probably twice as strong.

On Saturday seven of the Japanese cruiser division bombarded the hill to the north of Wedge Head, driving the Russians from their positions on the plateaus, and immediately Japanese infantry, several thousand strong, took possession of the heights with little opposition. On Saturday and Monday there was continuous fighting for position on the slopes of Wedge Head.

## JAP WARSHIPS SUNK

THREE OF THEM REPORTED TO HAVE BEEN DESTROYED BY PORT ARTHUR FLEET.

Paris, June 7.—The St. Petersburg correspondent of the Matin says that a naval officer repeats the story already in circulation at Liaoyang that the Russian squadron at Port Arthur has made a sortie and sunk two Japanese torpedo boats and a battleship of the Shikishima type.

**TWO SMART OUTPOST FIGHTS.**

Russians Admit Losing a Cossack Colonel and Several Men.

Liaoyang, June 7.—Details have been received here of two smart outpost fights, one at Liaotung and the other in Southern Manchuria. The former occurred on the morning of June 3 at Yantian, east of Vangang, 25 miles above Kinchow.

The Russian force consisted of an infantry regiment, some artillery, several companies of Cossacks and a squad of dragoons. The enemy was discovered in the valley of Pwytian-tuo. The Russians brought up a battery, opened fire and cleared the Japanese out of the valley. Then the Russian guns were moved to a more favorable position. The Japanese, taking advantage of this, fired a few shells. The Russian losses were Colonel Cereda and seventeen men wounded. Both sides retained their positions.

The other fight was between General Mischenko's Cossacks and the Japanese advance posts along the river Kolendzy, north of Takushan. It lasted from the evening of June 3 till late the following day.

A company of Cossacks tried to cut off a detachment of Japanese posted on the heights at Ladziapude, but the enemy brought up reinforcements and the Russians were reinforced by five companies of Cossacks. Finally 3,000 Japanese were engaged, including artillery. The Cossacks repeatedly drove the enemy from their entrenchments. In one case the Japanese fled across the river, but returned with more reinforcements and the Russians drew off. The Cossacks' commander, Colonel Starkoff, was killed and two officers and nine men were wounded.

**ON THE LIAOTUNG PENINSULA.**

Military Interest Centered Upon Region of Imminent Operations.

Liaoyang, June 7.—Military interest is now centered upon the region of imminent operations—the Liaotung peninsula. Another Japanese army is landing on the eastern coast as a counterweight to the Russian advance from Dashiisao southward upon General Oku's army. The Japanese have seemingly given up the idea of attacking Liaoyang, if they entertained such a plan. The rainy season, which is expected to begin in two or three weeks, would, it is considered here, render an advance to Liaoyang impossible. Meanwhile the Cossacks are keeping in touch with the Japanese outposts. Another force is watching General Kuroki's right wing north of the Yalu river.

The health of the troops is remarkably everywhere. There are no contagious diseases and only a few cases of intestinal disorders, but medical authorities do not expect such immunity during the hot weather that is now beginning.

**AROUND PORT ARTHUR.**

Heavy Firing Occurred All Day Monday.

Chefoo, June 7.—The correspondent of the Associated Press at Tongchow cables that there was firing at Port Arthur Monday night, beginning at 11:30 o'clock and continuing for several hours. A junk arriving during the night from Dalny reports that there was heavy firing all day Monday in the vicinity of Port Arthur. When

the junk left Dalny Monday morning all was quiet there. The arrivals on the junk deny the story of the sinking of the Japanese ship off Tallenwan.

**FIGHTING EAST OF LIAOYANG.**

Artillery Said to Be in Action in That Vicinity.

London, June 7.—A dispatch to the Daily Telegraph, dated Shongtaise, June 6, says that heavy artillery firing was heard that morning in the direction of Tahwan, east of Liaoyang.

**KILLS HIS CHILDREN**

NEW JERSEY MAN SLAYS THREE OF THEM, WOUNDS ANOTHER AND KILLS HIMSELF.

Roselle, N. J., June 7.—After killing three of his children and wounding a fourth, Joseph M. Pouch, at one time an undertaker, shot himself through the head Monday and died a few moments later.

Pouch lived in a little cottage with his four children. Sunday he shot two of them and embalmed their bodies. He took the other two to an upper room with him. Meanwhile he had mailed a warning to County Physician Westcott, who, upon receiving the letter, notified the police.

When the officials knocked at the door of the Pouch cottage Monday, Pouch shot and killed his little daughter and wounded his sole remaining son. He then shot himself and died as the police forced an entrance. The boy will recover. Pouch was believed to have been insane.

**EXPLOSION INJURES FOUR MEN.**

Trunk Belonging to a Minnesotan Causes the Accident.

Kansas City, Mo., June 7.—An explosion in a trunk, believed to be the property of someone connected with the University of Minnesota, hurt four baggagemen in the union station here last night. The injured are: C. A. Webb, Guy Lain, O. A. Rhodes and Sidney Chatterell. Webb and Lain were seriously injured.

Beside powerful explosives, the trunk contained machinery, probably belonging to a mining engineer. The owner has not claimed his trunk, which came here from Los Angeles, billed to Minneapolis. It contained letter heads of the Minnesota state university. The baggagemen were lifting the trunk when the explosion occurred.

**DEMOCRATS OF IDAHO.**

Adopt Anti-Mormon Resolutions and Instruct Delegates for Hearst.

Weiser, Ida., June 7.—The Idaho Democratic convention adjourned last night after incorporating the so-called anti-Mormon resolution in the platform, instructing the delegates to vote for W. R. Hearst for the presidential nomination and endorsing Senator Dubois for his work for the state. The delegates to the national convention are: Senators Fred Dubois and Henry Heffeldt, Frank W. Hunt, W. W. Woods, Timothy Regan and J. W. Ballentine.

**ELECTION IN OREGON.**

Both Republican Congressional Candidates Successful.

Portland, Ore., June 7.—At 9 o'clock p. m. it was conceded that the Republicans have elected their congressional candidates by heavy majorities. Congressman Binger Herman, the Republican candidate, has probably carried the district over R. M. Veach, Dem., by from 5,000 to 7,000. John H. Williamson of Prineville, the Republican candidate in the Second district, will carry the district by probably 10,000 over J. E. Simmons, Dem.

**TO DISSOLVE THE MARRIAGE.**

Duchess of Valencay Seeks Separation From the Duke.

Paris, June 7.—In consequence of differences between the Duke and Duchess of Valencay, steps have been taken to dissolve the marriage. The duchess was Helen Morton, a daughter of Levi P. Morton of New York.

It is learned in authoritative quarters that the duke's mother having asked the sanction of the pope for an annulment on the ground that the marriage had been without issue, the duchess has applied to the civil courts for a legal dissolution, the grounds being withheld for the present.

The duke, who is a scion of the ancient and princely house of Talleyrand-Sagan, is at his magnificent chateau on the Loire. The duchess is in Paris.

**CAPTAINS WITHDRAW.**

Quit the Union and Report for Duty at Cleveland.

Cleveland, O., June 7.—The most serious break in the local end of the tie-up on the Great Lakes is the withdrawal of twenty or more captains from the Masters and Pilots' association Monday. They will report for duty at once. A member of the Lake Carriers' association said that they expected to have seventy boats in commission by Wednesday and some of them would be among the largest on the lakes.

**Troops Leave Hanging Rock.**

Ironton, O., June 7.—The strike situation at the Rogers-Brown company furnace at Hanging Rock has improved to such an extent that Sheriff Payne asked for and obtained the removal of the four companies of the Seventh regiment which were sent to the scene of the trouble last Wednesday.

At 12:30 this morning the streets of Victor were still thronged with people and the excitement was high. Sheriff Bell seems to have secured control of the situation at this hour, but this tension is so high that any little thing might cause an outbreak.

Reports of Sheriff Bell being shot are without foundation.

## Kills His Wife and Himself.

Higginsville, Mo., June 7.—Herman Tebbenkamp, a farmer near Concordia, in this county, shot his wife and then himself. Jealousy and drink are said to be the cause. Both are dead.

## THIRTEEN MEN SLAIN

INFERNAL MACHINE WIPES OUT NONUNION MINERS AT INDEPENDENCE, COLO.

SEVERAL OTHERS ARE HURT

FRAGMENTS OF BODIES HURLED THROUGH SPACE FOR MANY HUNDRED FEET.

Cripple Creek, Colo., June 7.—Thirteen men were killed by the explosion of an infernal machine at the railroad station in Independence Monday, and seven others were seriously injured. Eleven men were killed outright, and two died later from their wounds. All the killed and injured, with the exception of two men from the Deadwood mine, were nonunion miners employed on the night shift of the Findley mine.

The men had quit work at 2 a. m. and were waiting to board a suburban train on the Florence and Cripple Creek railroad and return to their homes in Cripple Creek and Victor. Just after the engineer of the approaching train blew his whistle as a signal to the miners, according to custom, a terrific explosion occurred underneath the station platform, on and near which twenty-six men were gathered. The platform was blown into splinters, the station was wrecked and a hole twenty feet in circumference and about as many feet in depth was torn in the ground.

## Fragments Hurlled Through Space.

Fragments of bodies were hurled through space for several hundred feet and later were picked up still quivering. Some of the bodies dropped into the pit made by the explosion, but heads, hands, ears, legs, arms and trunks were strewn about on all sides. Pieces of flesh were found on buildings 500 feet away and blood stained everything within a radius of fifty feet. The force of the explosion was felt throughout the camp and the crash awakened everybody.

The approaching train was stopped and the train crew were the first men to reach the scene of the disaster. They were joined in a few minutes by hundreds of persons, and relief work was begun at once. A special train was sent from Cripple Creek carrying physicians, nurses, officers and many others, but when it reached Independence the injured had already been placed on board the suburban train and removed to the hospital in Victor. The mangled bodies of the dead, pieced together as well as possible, were removed to the coroner's office. The dead are: Gus Augustine, aged fifteen; brother resides in Janesville, Wis.; Arthur Muhleise, Henry Haag, Alexander McLane, Charles E. Barber, Herbert McCoy, J. H. Hartsell, William Shanklin, E. Kelso, W. W. Delaney, Edward Ross and E. H. Johnson and Robert Sinclair.

Amputation has been performed upon a number of wounded, but it is almost certain that several of them will die.

## Dynamite Did the Work.

The infernal machine with which the diabolical work was done consisted of a quantity of dynamite, estimated at 100 to 300 pounds, a loaded revolver and a long, slender steel wire attached to the trigger. The revolver was fastened so that the pulling of the trigger would not draw it away. The wire ran from under the station to the cribbing of the Delmonico property, about four hundred feet away, where its end was fastened to a rung of a chair. The dynamite was placed close to the muzzle of the revolver, which was discharged by pulling the wire when the engineer blew his whistle. The ball from the revolver exploded the dynamite.

A man was seen running down the hill from the Delmonico after the explosion. The Victor troops, who were ordered out by Major French, were so stationed as to keep people from passing over the path taken by this man and bloodhounds were sent from Canyon City and Trinidad for the purpose of trailing the assassin.

The infernal machine used Monday was similar to the one exploded in the Vindicator mine on Nov. 21, 1903, killing two men.

## TO ORGANIZE MARINE WORKERS.

Proposed New Union Will Include Masters and Pilots.

Milwaukee, June 7.—The Sentinel says that a plan is on foot for organizing all marine workers into one gigantic association to be known as the International Marine Workers' association. The new organization is to include masters and pilots. According to Frank J. Weber, an officer of the Federated Trades Council, the plan will be proposed at the convention of the International Longshoremen, Marine and Transport Workers' association, which convenes here July 12, and it is probable that it will receive the hearty support of President Daniel Keefe, who long has been interested in a movement of this kind.

## Killed by a Trolley Car.

New York, June 7.—Frank J. O'Connor was killed and Harry Scott probably fatally injured at Coney Island Monday by the starting of a trolley train, while the men were underneath a car making repairs.

## STRIKE ON IN EARNEST.

Trouble in Wisconsin Paper Mills to Be Long Drawn Out.

Appleton, Wis., June 7.—The strike of the paper mills employees is on in earnest and will probably be a long drawn out contest. About 1,000 employees are affected directly, and indirectly about three times as many. All but two mills in this city closed Monday, those two being out of the question from the first.

At Neenah the Kimberley and Clark mills, Neenah Paper company, Badger, Groun and Neenah mills are shut down. At Menasha the Howard mill has been closed for some time, while the Strange Paper company continues with one machine.

At Kaukauna one machine tender stopped the employees from walking out of the Utagamie mill, but it may close next Saturday night.

At conferences of employers Monday it was decided to start the mills with such help as can be secured pressing superintendents and office help into the service. It will give the mills about one-fourth of the regular day's operation.

After pending work is finished in the different mills, an effort will be made to secure nonunion help to start up again.

## OPERATORS MAY STRIKE.

Western Union Employees Threaten to Go Out.

St. Paul, June 7.—A general strike of all the telegraph operators in the employ of the Western Union Telegraph company in the United States and Canada is a probability of the near future.

That a strike of the men employed in the St. Paul office of that company will be called within the next few days seems certain.

The cause of the trouble is the discharge by the Western Union Monday of seven of their oldest employees, without cause, the men maintain. The only reason for their dismissal so far as can be learned from officials of the company was because of "business depression," caused by the loss of poolroom business. It is asserted by the telegraphers that five new men were employed immediately after the discharge of the seven men, who are members of the Commercial Telegraphers' union. According to the dismissed men they were let out solely because of their connection with the union.

President Long of the Telegraphers' union, it is said, has been summoned to St. Paul, to investigate the matter before a general strike is called.

## VESSELS OUT OF COAL.

Russian Ships Cannot Get Out of Port Arthur.

London, June 7.—The correspondent aboard the Times' steamer Halmun, telegraphing June 6, says:

"It is pretty certain from intelligence received by the Japanese secret service that even if the channel of Port Arthur is practically clear for large draught ships, there is not sufficient coal in Port Arthur for such vessels to take the sea."

"The explosions heard at Port Arthur are believed to have been caused by the demolition of certain government buildings."

"A portion of the Japanese Second army corps will hold the land approaches to Port Arthur until Tallyman bay shall have been made practicable for a further debarkation. Meantime a screen of mounted troops is being pushed up beyond Kalping for the purpose of allowing the reconstruction of the railway to proceed as rapidly as possible."

## DEADWOOD STILL ISOLATED.

High Water Cuts Off the South Dakota City.

Deadwood, S. D., June 7.—While the waters of Whiteoak creek have fallen to a considerable extent, they are still high enough to completely isolate the city, the mall from surrounding towns and camps being brought in over the mountains on pack horses.

The first estimate of the damage to the city is about correct, while that to the surrounding camps and country may aggregate a trifle more. At Terry on Saturday night the dam of the Horseshoe Mining company broke, letting the impounded water come with a rush through the main street of the camp. The flood struck a saloon, in which were eight men, two of them, Slavonians, rushed for the door and plunged into the stream in their excitement and were drowned. The building collapsed, injuring the others.

## GOVERNOR'S ACTION UPHELD.

President of Miners' Union Must Remain in Jail.

Denver, June 7.—The state supreme court has refused the application for a writ of habeas corpus for Charles H. Moyer, president of the Western Federation of Miners, who is in jail as a military prisoner at Telluride by order of Governor Peabody.

The governor's action in declaring martial law in San Miguel county, imprisoning Moyer and other union men on the ground that they had incited insurrection and rebellion, suspending the writ of habeas corpus and ignoring the authority of the local courts as seems necessary to him in maintaining law and order, is sustained.

Chief Justice Gabbert and Justice Campbell concurred in the decision. Justice Steele dissented.

## Four Persons Severely Hurt.

Ardmore, I. T., June 7.—A tornado near Comanche destroyed several houses. Four persons were severely hurt, but no deaths are reported. The schoolhouse at Williamsport was demolished and heavy damage to crops done.

## PORT ARTHUR FORTS

JAPANESE ARMY HAS BEGUN ITS ADVANCE UPON THOSE TO THE SOUTHWARD.

DRIVE THE RUSSIANS BACK

CRUISERS OF THE JAP NAVY BOMBARD TRENCHES AND COMPEL A RETREAT.

Shanghai, June 7.—The Japanese army has begun its advance on fortifications south of Port Arthur. There are two divisions moving on the westerly side of the Loathieshan promontory, and the force on the eastern side, information about which cannot be obtained, is probably twice as strong.

On Saturday seven of the Japanese cruiser division bombarded the hill to the north of Wedge Head, driving the Russians from their positions on the plateaus, and immediately Japanese infantry, several thousand strong, took possession of the heights with little opposition. On Saturday and Monday there was continuous fighting for position on the slopes of Wedge Head.

## JAP WARSHIPS SUNK

THREE OF THEM REPORTED TO HAVE BEEN DESTROYED BY PORT ARTHUR FLEET.

Paris, June 7.—The St. Petersburg correspondent of the Matin says that a naval officer repeats the story already in circulation at Liaoyang that the Russian squadron at Port Arthur has made a sortie and sunk two Japanese torpedo boats and a battleship of the Shikishima type.

## TWO SMART OUTPOST FIGHTS.

Russians Admit Losing a Cossack Colonel and Several Men.

Liaoyang, June 7.—Details have been received here of two smart outpost fights, one at Liaotung and the other in Southern Manchuria. The former occurred on the morning of June 3 at Yantsianur, east of Vangow, 25 miles above Kinchow.

The Russian force consisted of an infantry regiment, some artillery, several companies of Cossacks and a squad of dragoons. The enemy was discovered in the valley of Pwytianuo. The Russians brought up a battery, opened fire and cleared the Japanese out of the valley. Then the Russian guns were moved to a more favorable position. The Japanese, taking advantage of this, fired a few shells. The Russian losses were Colonel Cereda and seventeen men wounded. Both sides retained their positions.

The other fight was between General Mischenko's Cossacks and the Japanese advance posts along the river Kolendzy, north of Takushan. It lasted from the evening of June 3 till late the following day.

A company of Cossacks tried to cut off a detachment of Japanese posted on the heights at Ladziapudey, but the enemy brought up reinforcements and the Russians were reinforced by five companies of Cossacks. Finally 3,000 Japanese were engaged, including artillery. The Cossacks repeatedly drove the enemy from their entrenchments. In one case the Japanese fled across the river, but returned with more reinforcements and the Russians drew off. The Cossacks' commander, Colonel Starkoff, was killed and two officers and nine men were wounded.

## ON THE LIAOTUNG PENINSULA.

Military Interest Centered Upon Region of Imminent Operations.

Liaoyang, June 7.—Military interest is now centered upon the region of imminent operations—the Liaotung peninsula. Another Japanese army is landing on the eastern coast as a counterweight to the Russian advance from Dashiisao southward upon General Oku's army. The Japanese have seemingly given up the idea of attacking Liaoyang, if they entertained such a plan. The rainy season, which is expected to begin in two or three weeks, would, it is considered here, render an advance to Liaoyang impossible. Meanwhile the Cossacks are keeping in touch with the Japanese outposts. Another force is watching General Kuroki's right wing north of the Yalu river.

## AROUND PORT ARTHUR.

Heavy Firing Occurred All Day Monday.

Chefoo, June 7.—The correspondent of the Associated Press at Tongchow cables that there was firing at Port Arthur Monday night, beginning at 11:30 o'clock and continuing for several hours. A junk arriving during the night from Dalny reports that there was heavy firing all day Monday in the vicinity of Port Arthur. When

the junk left Dalny Monday morning all was quiet there. The arrivals on the junk deny the story of the sinking of the Japanese ship off Tallyman.

## FIGHTING EAST OF LIAOYANG.

Artillery Said to Be in Action in That Vicinity.

London, June 7.—A dispatch to the Daily Telegraph, dated Shongtaite, June 6, says that heavy artillery firing was heard that morning in the direction of Tallyman, east of Liaoyang.

## KILLS HIS CHILDREN

NEW JERSEY MAN SLAYS THREE OF THEM, WOUNDS ANOTHER AND KILLS HIMSELF.

Roselle, N. J., June 7.—After killing three of his children and wounding a fourth, Joseph M. Pouch, at one time an undertaker, shot himself through the head Monday and died a few moments later.

Pouch lived in a little cottage with his four children. Sunday he shot two of them and embalmed their bodies. He took the other two to an upper room with him. Meanwhile he had mailed a warning to County Physician Westcott, who, upon receiving the letter, notified the police.

When the officials knocked at the door of the Pouch cottage Monday, Pouch shot and killed his little daughter and wounded his sole remaining son. He then shot himself and died as the police forced an entrance. The boy will recover. Pouch was believed to have been insane.

## EXPLOSION INJURES FOUR MEN.

Trunk Belonging to a Minnesotan Causes the Accident.

Kansas City, Mo., June 7.—An explosion in a trunk, believed to be the property of someone connected with the University of Minnesota, hurt four baggagemen in the union station here last night. The injured are: C. A. Webb, Guy Lain, O. A. Rhodes and Sidney Chatterell. Webb and Lain were seriously injured.

Beside powerful explosives, the trunk contained machinery, probably belonging to a mining engineer. The owner has not claimed his trunk, which came here from Los Angeles, billed to Minneapolis. It contained letter heads of the Minnesota state university. The baggagemen were lifting the trunk when the explosion occurred.

## DEMOCRATS OF IDAHO.

Adopt Anti-Mormon Resolutions and Instruct Delegates for Hearst.

Weiser, Ida., June 7.—The Idaho Democratic convention adjourned last night after incorporating the so-called anti-Mormon resolution in the platform, instructing the delegates to vote for W. R. Hearst for the presidential nomination and endorsing Senator Dubois for his work for the state. The delegates to the national convention are: Senators Fred Dubois and Henry Heltfeldt, Frank W. Hunt, W. W. Woods, Timothy Regan and J. W. Ballentine.

## ELECTION IN OREGON.

Both Republican Congressional Candidates Successful.

Portland, Ore., June 7.—At 9 o'clock p. m. it was conceded that the Republicans have elected their congressional candidates by heavy majorities. Congressman Binger Herman, the Republican candidate, has probably carried the district over R. M. Veatch, Dem., by from 5,000 to 7,000. John H. Williamson of Prineville, the Republican candidate in the Second district, will carry the district by probably 10,000 over J. E. Simmons, Dem.

## TO DISSOLVE THE MARRIAGE.

Duchess of Valencay Seeks Separation From the Duke.

Paris, June 7.—In consequence of differences between the Duke and Duchess of Valencay, steps have been taken to dissolve the marriage. The duchess was Helen Morton, a daughter of Levi P. Morton of New York.

It is learned in authoritative quarters that the duke's mother having asked the sanction of the pope for an annulment on the ground that the marriage had been without issue, the duchess has applied to the civil courts for a legal dissolution, the grounds being withheld for the present.

The duke, who is a scion of the ancient and princely house of Talleyrand-Sagan, is at his magnificent chateau on the Loire. The duchess is in Paris.

## CAPTAINS WITHDRAW.

Quit the Union and Report for Duty at Cleveland.

Cleveland, O., June 7.—The most serious break in the local end of the tie-up on the Great Lakes is the withdrawal of twenty or more captains from the Masters and Pilots' association Monday. They will report for duty at once. A member of the Lake Carriers' association said that they expected to have seventy boats in commission by Wednesday and some of them would be among the largest on the lakes.

## Troops Leave Hanging Rock.

Ironton, O., June 7.—The strike situation at the Rogers-Brown company furnace at Hanging Rock has improved to such an extent that Sheriff Payne asked for and obtained the removal of the four companies of the Seventh regiment which were sent to the scene of the trouble last Wednesday.

The St. Paul Globe's frenzied opposition to President Roosevelt only indicates how indignant Jim Hill is at the law's interference with his pet merger.

It is now generally considered that Bryan and his friends will bolt the convention at St. Louis when they will be unceremoniously turned down by the Parker faction who will be in complete control.

According to the press reports Europe has awakened to the fact that the Japanese are the superiors of the Russian soldiers. The latter have been well aware of the fact since the first skirmish on the Yalu.

R. C. DUNN's fine record as state auditor has been the pride of the republican party in the state for the past few years, and the attempt of the Collins' followers to throw discredit on it, is an attempt to injure the party, and only results in great injury to Collins' cause.

The Minneapolis Journal criticizes the St. Paul Globe's unfairness to the president, and yet the Globe's attitude in this regard is not as rank as the Journal's unfair and untruthful opposition to R. C. Dunn, a member of the same party which the Journal professes to support.

The cry of the Collins followers that Jim Hill is a supporter of R. C. Dunn for governor is false, as Mr. Hill is a democrat and will support the democratic nominee, whoever he is. But the representatives of the Standard Oil trust in the state are ardent Collins men, and doubtless are using the immense patronage of the great octopus to elect the St. Cloud candidate, because Mr. Dunn as state auditor compelled the Standard to pay its just share of taxes on its big mining properties which it was seeking to evade.

THE BAPTIST CONVENTIONS

The Northwestern Association Convention will convene at First Baptist Church

SWEDISH BAPTISTS TOMORROW

An Excellent Program for Both Conventions—Big Union Meet—Tomorrow Night.

A large number of delegates arrived in the city this afternoon to attend the annual convention of the Northwestern Baptist Association convention which will convene tomorrow afternoon at 2 o'clock at the First Baptist church on Sixth street. The other convention to be held by the Swedish brethren will also convene tomorrow afternoon at 3 o'clock. One of the first numbers on the program will be a paper by Rev. P. Ryden on "Literature and the Bible". Discussions will then follow on different subjects and some rousing meetings are anticipated. Notices of the program to be carried out at the Swedish Baptist church will be published later.

At the First Baptist church the convention will also convene in the afternoon with a praise and prayer service by Rev. William H. Walker. This will be followed at 2:30 o'clock by the introductory sermon by the Rev. E. M. Atwood. At 3:15 there will be the report of the nominating committee and the election of officers which will be followed by the reading of church letters.

One of the big events of both conventions will be the union service to be held at the Swedish Baptist church tomorrow night. At 7:30 o'clock there will be a praise service and at 8 o'clock an address on "Growth" by Dr. Frank Peterson D. D. and another address by Rev. E. R. Pope. This meeting is expected to draw a large crowd. Some good music will be furnished and the evening should be a very profitable one.

"TYPOS FEASTED"

Ladies Band Together and Give Them a Surprise at their Regular Installation Meeting Last Night.

There was a meeting of the Brainerd Typographical union last night in The Dispatch office when the installation of one or two members was down on the program, and the boys expected to make it quite an event, but never dreamed of the agreeable surprise that was in store for them. The ladies, wives of the brother "prints" and other ladies who are employed in printing offices in the city prepared a swell banquet and when the meeting was half over swooped down upon the boys and regaled them with ice cream and cake and spread a banquet board that made the average printer smile like a maltese cat. F. G. Hall, of the Tribune, was landed in the toastmaster's chair and several responded to toasts. Our own dear Will Rogers proved himself a great after dinner speaker and got off some of the good old Scottish brogue that nearly made the ghost of Bobby Burns appear. Fred Britton appeared as the second "Bill" Nye and in rollicking tones told a story or two and then Frank Hall gave the boys a little fatherly advice. Clyde Robertson wanted to say something but got bashful and Chas. Beugnot was down for a cake walk but said he was too full for utterance. J. W. Pinkney was there and just smiled and smiled and enjoyed things immensely. Mrs. C. H. Kylo was to respond to a toast but she was serving up a lot of the fussy victuals. Miss Zarling was also thus busily engaged and Mrs. Sherman was too busy looking after the needs of the boys to respond to a toast. Well, anyway it was a jolly affair and all enjoyed themselves very much, and everyone was sorry when the last "slug" was pulled and there were no more "takes." The following were present: Mr. and Mrs. C. H. Sherman, Mr. and Mrs. Chas. Beugnot, Mr. and Mrs. Fred Britton, Mrs. C. H. Kylo, Mrs. Chas. Ekman, Miss Zarling, J. W. Pinkney, William Rogers, Clyde Robertson, F. G. Hall and John Thompson.

It is now generally considered that Bryan and his friends will bolt the convention at St. Louis when they will be unceremoniously turned down by the Parker faction who will be in complete control.

According to the press reports Europe has awakened to the fact that the Japanese are the superiors of the Russian soldiers. The latter have been well aware of the fact since the first skirmish on the Yalu.

R. C. DUNN's fine record as state auditor has been the pride of the republican party in the state for the past few years, and the attempt of the Collins' followers to throw discredit on it, is an attempt to injure the party, and only results in great injury to Collins' cause.

THE Minneapolis Journal criticizes the St. Paul Globe's unfairness to the president, and yet the Globe's attitude in this regard is not as rank as the Journal's unfair and untruthful opposition to R. C. Dunn, a member of the same party which the Journal professes to support.

THE cry of the Collins followers that Jim Hill is a supporter of R. C. Dunn for governor is false, as Mr. Hill is a democrat and will support the democratic nominee, whoever he is. But the representatives of the Standard Oil trust in the state are ardent Collins men, and doubtless are using the immense patronage of the great octopus to elect the St. Cloud candidate, because Mr. Dunn as state auditor compelled the Standard to pay its just share of taxes on its big mining properties which it was seeking to evade.

THE BAPTIST CONVENTIONS

The Northwestern Association Convention will Convene at First Baptist Church

SWEDISH BAPTISTS TOMORROW

An Excellent Program for Both Conventions—Big Union Meet—Tomorrow Night.

A large number of delegates arrived in the city this afternoon to attend the annual convention of the Northwestern Baptist Association convention which will convene tomorrow afternoon at 2 o'clock at the First Baptist church on Sixth street. The other convention to be held by the Swedish brethren will also convene tomorrow afternoon at 3 o'clock. One of the first numbers on the program will be a paper by Rev. P. Ryden on "Literature and the Bible". Discussions will then follow on different subjects and some rousing meetings are anticipated. Notices of the program to be carried out at the Swedish Baptist church will be published later.

At the First Baptist church the convention will also convene in the afternoon with a praise and prayer service by Rev. William H. Walker. This will be followed at 2:30 o'clock by the introductory sermon by the Rev. E. M. Atwood. At 3:15 there will be the report of the nominating committee and the election of officers which will be followed by the reading of church letters.

One of the big events of both conventions will be the union service to be held at the Swedish Baptist church tomorrow night. At 7:30 o'clock there will be a praise service and at 8 o'clock an address on "Growth" by Dr. Frank Peterson D. D. and another address by Rev. E. R. Pope. This meeting is expected to draw a large crowd. Some good music will be furnished and the evening should be a very profitable one.

"TYPOS FEASTED"

Ladies Band Together and Give Them a Surprise at their Regular Installation Meeting Last Night.

There was a meeting of the Brainerd Typographical union last night in THE DISPATCH office when the installation of one or two members was down on the program, and the boys expected to make it quite an event, but never dreamed of the agreeable surprise that was in store for them. The ladies, wives of the brother "prints" and other ladies who are employed in printing offices in the city prepared a swell banquet and when the meeting was half over swooped down upon the boys and regaled them with ice cream and cake and spread a banquet board that made the average printer smile like a maltese cat. F. G. Hall, of the Tribune, was landed in the toast-master's chair and several responded to toasts. Our own dear Will Rogers proved himself a great after dinner speaker and got off some of the good old Scottish brogue that nearly made the ghost of Bobby Burns appear. Fred Britton appeared as the second "Bill" Nye and in rollicking tones told a story or two and then Frank Hall gave the boys a little fatherly advice. Clyde Robertson wanted to say something but got bashful and Chas. Beugnot was down for a cake walk but said he was too full for utterance. J. W. Pinkney was there and just smiled and smiled and enjoyed things immensely. Mrs. C. H. Kylo was to respond to a toast but she was serving up a lot of the fussy virtuals. Miss Zarling was also thus busily engaged and Mrs. Sherman was too busy looking after the needs of the boys to respond to a toast. Well, anyway it was a jolly affair and all enjoyed themselves very much, and everyone was sorry when the last "slug" was pulled and there were no more "takes." The following were present: Mr. and Mrs. C. H. Sherman, Mr. and Mrs. Chas. Beugnot, Mr. and Mrs. Fred Britton, Mrs. C. H. Kylo, Mrs. Chas. Ekman, Miss Zarling, J. W. Pinkney, William Rogers, Clyde Robertson, F. G. Hall and John Thompson.

Class Colors, Pink and Green.  
Motto, "Rowing, Not Drifting."

When it is considered that five years ago the Brainerd high school class consisted of one lone pupil, the showing last night at the Brainerd opera house when the members of the class of 1904 received their diplomas, might be considered marvelous, and the event was one of the most auspicious in the history of the schools of the city. The large number of graduates, twenty, composed of as bright a lot of young people as ever left an average school, their excellent standing in the class room and the very good showing made in the presentation of the carefully prepared program, brought to the surface the fact that there has been some hard work in the city schools, although little has been said during the past year or two, the work being carried on in a systematic unostentatious manner. And there was never as much interest shown in the graduation exercises by the general public as last night.

It must not be presumed that because the class was a large one that it is an easy matter for a student to "ride through" and receive the honors at the close of the school year. There were many more in the schools who should have graduated, but the standard set is a high one and to attain it the watch word in the Brainerd High school is supposed to be, "Study and Work."

Superintendent Hartley is to be congratulated on the excellent showing made the past year in the city schools when it is considered that at the first of the year there was considerable delay in the completion of the addition to the high school building causing general confusion for a time. But everything ran along smoothly until the building was completed and the different changes and a rearrangement of the classes followed with but very little loss of time and, in fact, the pupils were kept intact and came out at the close of the year with flying colors. Prof. F. W. Hanft also comes in for his share of the credit and it is to his credit as much as anyone that the excellent showing has been made. The entire corps of teachers in fact come in for a part of the glory. Brainerd is to be congratulated on the excellent schools under the present regime, for it is universally thought that there is not a better conducted system in the entire state.

The members of the class of 1904 are made up of young people who have the right kind of grit to go out and battle with life's varying elements and they have come from the best families of the city to drink from the fountain of knowledge and are an honor to the schools and the city.

Long before the opening of the doors at 8 o'clock great crowds blocked the street in front of the opera house and there was a scramble for seats that was unprecedented in the city. The schools had reserved the first floor, the parquet and the circle for the members of the families and friends of the graduates. Many in the city did not understand this and went to the opera house without seat check and could not understand why the seats down stairs were not for them as well as anyone else. There was therefore a rush for seats up stairs and it took but a few minutes to fill the entire balcony and gallery. There was a congested mass of people in the hallway and on the stairs leading to the balcony for a time, but they soon dispersed and went away. It is safe to say that as many as 800 people were turned away last night for want of seating capacity.

As Graham's orchestra rendered the first number the curtain went up on a beautiful scene. The stage had been handsomely decorated for the occasion in the class colors, pink and green, and the members of the class formed a circle about the stage in the center of which sat Supt. T. B. Hartley and Principal F. W. Hanft. The other members of the faculty were also on the stage to the rear of the class. There was a large electric sign hanging over the stage brightly illuminated with the word "Rowing" on it and just below this was a canoe with an oar hanging over the side which was symbolic of the class motto.

Too much cannot be said for those who had been assigned with subjects on the program. The essays and orations were delivered in excellent style and taste and each speaker in turn was given rousing applause. The chorus members under the direction of Miss Grace E. Barker, supervisor of music in the public schools, were the best ever heard in the city of this kind. The first number on the program was particularly fine and shows the excellence and high standard that Miss Barker has brought this feature of the school up to. The Brainerd board of education is to be congratulated on having so competent a music instructor.

The following program was given in full:

Poundmaster Ed. Woodbury got into serious trouble yesterday and luckily for William Lamekin and his brother the revolver which the officer had would not work so that he could take a second shot, or there might have been a trail of blood on the south side in the vicinity where the above got into a bad mixup. As it the officer took a shot at one of the men but the bullet went wide and neither man was at all injured.

It seems that Woodbury in the rounds of his usual duties picked up a cow belonging to William Lamekin and the latter and his brother demanded that he release it at once. Officer Woodbury refused whereupon the men tackled him, took his club away from him and commenced thumping him on the head in a furious manner. He pulled his gun and took a shot at William Lamekin, but just as he pulled the trigger he says the other brother dealt him a severe blow on the head and the bullet went wide of the mark. After they had administered a severe trouncing to the poundmaster the men took to their heels and Mr. Woodbury went home. The only reason that he did not shoot more than the once was the fact that the trigger of his gun would not work and the men got away.

People living in the vicinity of where the row occurred heard the loud noises and also heard the shots and for a time it was thought that something serious had happened.

Chief Sargent was notified and he is investigating the matter.

## CITY FATHERS REGULAR SESSION

Large Amount of Business Transacted last Night at June Meeting of Council

WEBSTER BOND IS SLIGHTLY OFF

Matter of Laying Water Mains in the Fourth Ward Acted on Favorably

The regular monthly meeting of the city council was held in chambers last night and president Crust presided. The following aldermen were present: Halladay, Garder, Purdy, Johnson, Murphy, Rowley, Larson and Robertson. A communication was received from Mayor Halsted appointing Frank Bredfield special police to collect dog tax. The appointment was confirmed by the council.

City Clerk Low sent in his monthly report for May. There were thirteen arrests in city cases and \$250 was collected in fines during the month. 17 state cases were commenced, 6 of which were settled. \$14.50 in fines was collected in state cases. The report was on motion filed and read.

The following pay rolls were allowed as read:

City Employees.....8 335.33  
Police Department.....320.00  
Fire Department.....122.50  
Street Employees.....349.94  
Electric Lights.....420.25

City Clerk Low was instructed to notify F. H. Gruenhagen to level the street at the corner of Second and Farar streets in East Brainerd, where he had been doing some work.

City Attorney Fleming was instructed to take what action he deems best in the matter of removing the brick in the street in front of the old Hartley block. The matter of the discharge of water from the Northern Pacific shops into the ravine in Southeast Brainerd was referred to the sewer committee to report at the next meeting. It is understood that there has been some complaint from this source from a sanitary standpoint and that the health officers will take a hand in some scheme to remedy the condition now existing.

The old Seventh street bridge had a tearing in chambers again. About every year this old bridge comes in for some attention and some members asked repair again. The matter was referred to the street committee in conjunction with the city engineer to report at the next meeting.

The condition of the street between seventh and eighth streets on Laurel received attention at the hands of the members last night. This was also referred to the street committee in conjunction with the city engineer to investigate and make a report on at the next meeting of the council.

vestigate and make a report on at the next meeting of the council.

A year ago last February a water main was ordered laid on Fifteenth street in Southeast Brainerd. It has been discovered that this work was never done and last night the city clerk was instructed to notify the water company to lay the main at once. A petition was also received from residents on Twelfth street in the same ward asking for a water main. This was left over until the next meeting and the city attorney was instructed to draw up the proper resolution ordering the work done.

The bonds of C. B. McLain, W. T. Larabee and Bosley & Tardy were approved and liquor licenses were granted.

The bonds of E. T. Webster for \$8000, which he furnished for the faithful performance of the agreements in his contract for the construction of the Second ward sewer was referred back to City Attorney Fleming for corrections which the council thought advisable to make.

An ordinance was passed last night fixing the bicycle tax at 50 cents instead of \$1.

A petition was presented signed by property owners along Bluff avenue asking that the street which is now 80 feet wide be narrowed down to 70 feet. This includes the property owners living between the west line of Seventh and the west line of Tenth streets. This matter was left in the hands of the aldermen from the Second ward in conjunction with the city engineer to report at the next meeting of the council.

It seems that certain roads laid out in Sleepers' Park addition have been fenced up, and a number of property owners in this vicinity wish to have them opened up again. This matter was referred to the city engineer to report at the next meeting.

The matter of placing an electric light in front of St. Joseph's hospital was left in the hands of the electric light committee.

The matter of purchasing 1000 feet of hose was left in the hands of the fire committee with power to act.

City Clerk Low was instructed to furnish a report of the finances of the city by the next meeting of the council covering the business of the past year and also to make a report of the delinquent electric light consumers.

Council adjourned.

### Worst of all Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by H. P. Dunn & Co., druggists.

The bonds of C. B. McLain, W. T. Larabee and Bosley & Tardy were approved and liquor licenses were granted.

The bonds of E. T. Webster for \$8000, which he furnished for the faithful performance of the agreements in his contract for the construction of the Second ward sewer was referred back to City Attorney Fleming for corrections which the council thought advisable to make.

An ordinance was passed last night fixing the bicycle tax at 50 cents instead of \$1.

A petition was presented signed by property owners along Bluff avenue asking that the street which is now 80 feet wide be narrowed down to 70 feet. This includes the property owners living between the west line of Seventh and the west line of Tenth streets. This matter was left in the hands of the aldermen from the Second ward in conjunction with the city engineer to report at the next meeting of the council.

It seems that certain roads laid out in Sleepers' Park addition have been fenced up, and a number of property owners in this vicinity wish to have them opened up again. This matter was referred to the city engineer to report at the next meeting.

The matter of placing an electric light in front of St. Joseph's hospital was left in the hands of the electric light committee.

The matter of purchasing 1000 feet of hose was left in the hands of the fire committee with power to act.

City Clerk Low was instructed to furnish a report of the finances of the city by the next meeting of the council covering the business of the past year and also to make a report of the delinquent electric light consumers.

Council adjourned.

Class Colors, Pink and Green.  
Motto, "Rowing, Not Drifting."

When it is considered that five years ago the Brainerd high school class consisted of one lone pupil, the showing last night at the Brainerd opera house when the members of the class of 1904 received their diplomas, might be considered marvelous, and the event was one of the most auspicious in the history of the schools of the city. The large number of graduates, twenty, composed of as bright a lot of young people as ever left an average school, their excellent standing in the class room and the very good showing made in the presentation of the carefully prepared program, brought to the surface the fact that there has been some hard work in the city schools, although little has been said during the past year or two, the work being carried on in a systematic unostentatious manner. And there was never as much interest shown in the graduation exercises by the general public as last night.

It must not be presumed that because the class was a large one that it is an easy matter for a student to "ride through" and receive the honors at the close of the school year. There were many more in the schools who should have graduated, but the standard set is a high one and to attain it the watch word in the Brainerd High school is supposed to be, "Study and Work."

Superintendent Hartley is to be congratulated on the excellent showing made the past year in the city schools when it is considered that at the first of the year there was considerable delay in the completion of the addition to the high school building causing general confusion for a time. But everything ran along smoothly until the building was completed and the different changes and a rearrangement of the classes followed with but very little loss of time and, in fact, the pupils were kept intact and came out at the close of the year with flying colors. Prof. F. W. Hanft also comes in for his share of the credit and it is to his credit as much as anyone that the excellent showing has been made. The entire corps of teachers in fact come in for a part of the glory. Brainerd is to be congratulated on the excellent schools under the present regime, for it is universally thought that there is not a better conducted system in the entire state.

The members of the class of 1904 are made up of young people who have the right kind of grit to go out and battle with life's varying elements and they have come from the best families of the city to drink from the fountain of knowledge and are an honor to the schools and the city.

Long before the opening of the doors at 8 o'clock great crowds blocked the street in front of the opera house and there was a scramble for seats that was unprecedented in the city. The schools had reserved the first floor, the parquetry and the circle for the members of the families and friends of the graduates. Many in the city did not understand this and went to the opera house without seat check and could not understand why the seats down stairs were not for them as well as anyone else. There was therefore a rush for seats up stairs and it took but a few minutes to fill the entire balcony and gallery. There was a congested mass of people in the hallway and on the stairs leading to the balcony for a time, but they soon dispersed and went away. It is safe to say that as many as 800 people were turned away last night for want of seating capacity.

As Graham's orchestra rendered the first number the curtain went up on a beautiful scene. The stage had been handsomely decorated for the occasion in the class colors, pink and green, and the members of the class formed a circle about the stage in the center of which sat Supt. T. B. Hartley and Principal F. W. Hanft. The other members of the faculty were also on the stage to the rear of the class. There was a large electric sign hanging over the stage brightly illuminated with the word "Rowing" on it and just below this was a canoe with an oar hanging over the side which was symbolic of the class motto.

Too much cannot be said for those who had been assigned with subjects on the program. The essays and orations were delivered in excellent style and taste and each speaker in turn was given rousing applause. The chorus members under the direction of Miss Grace E. Barker, supervisor of music in the public schools, were the best ever heard in the city of this kind. The first number on the program was particularly fine and shows the excellence and high standard that Miss Barker has brought this feature of the school up to. The Brainerd board of education is to be congratulated on having so competent a music instructor.

## POUND MASTER WAS FORCED TO USE GUN

William Lamekin and Brother  
Jump on Pound Master with  
Serious Results

OFFICER PULLED GUN AND FIRED

But not Until he was Beaten  
Almost to Insensibility with a

Club

Poundmaster Ed. Woodbury got into serious trouble yesterday and luckily for William Lamekin and his brother the revolver which the officer had would not work so that he could take a second shot, or there might have been a trail of blood on the south side in the vicinity where the above got into a bad mixup. As it the officer took a shot at one of the men but the bullet went wide and neither man was at all injured.

It seems that Woodbury in the rounds of his usual duties picked up a cow belonging to William Lamekin and the latter and his brother demanded that he release it at once. Officer Woodbury refused whereupon the men tackled him, took his club away from him and commenced thumping him on the head in a furious manner. He pulled his gun and took a shot at William Lamekin, but just as he pulled the trigger he says the other brother dealt him a severe blow on the head and the bullet went wide of the mark. After they had administered a severe trouncing to the poundmaster the men took to their heels and Mr. Woodbury went home. The only reason that he did not shoot more than the once was the fact that the trigger of his gun would not work and the men got away.

People living in the vicinity of where the row occurred heard the loud noises and also heard the shots and for a time it was thought that something serious had happened.

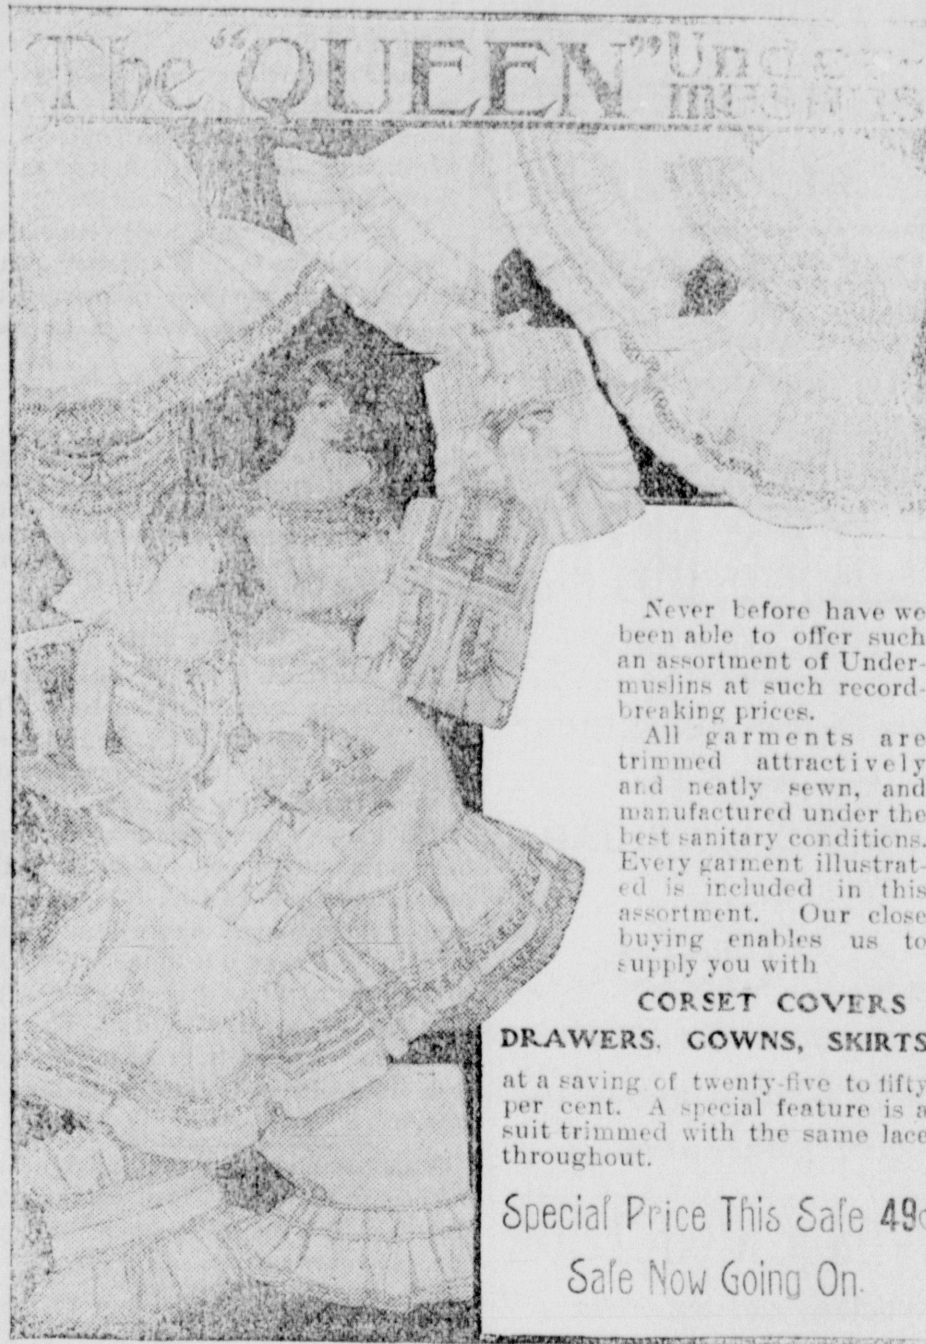

Chief Sargent was notified and he is investigating the matter.

**GO INTO CAMP JUNE 14**  
Third Regiment of the Minnesota National Guard Will Go to Lake City the Middle of this Month.  
Plans for the annual encampment of the Minnesota national guard at Lakeview have been prepared by the adjutant general's office. The third regiment of infantry will be the first to go to camp this year arriving there June 14. It will leave St. Paul on a special train at 8:45 a. m. and arrive at the camp about 11 o'clock. The regiment will remain in camp until June 23.  
The First artillery, consisting of Battery A of St. Paul and Battery B of Minneapolis, the field and staff officers, and the Second regiment of infantry will be in camp from July 5 to July 14.  
The First regiment, which consists of four companies from Minneapolis, three from St. Paul, one from Stillwater, and one from Red Wing, will be in camp July 18 to 27.

**Still Twine Left.**  
The Northern Pacific bank received the following communication from Warden Wolfer, of the State Penitentiary today, which may be of interest to some of the farmers of the county:  
"The newspapers throughout the state have published as news items that the prison twine was all sold. It is true we were obliged to quit taking club orders early in February, but we reserved 500,000 pounds to fill small cash orders after May 1st, as provided by law. We still have some of this left, and can fill small cash orders direct to farmers as long as it lasts."

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, coughs and colds to be unequalled. A recent expression from T. J. **Cure Catarrh by Nature's Own Method—**  
**Every Breath of Hyomei Brings relief.**  
Nearly every one who has catarrh knows how foolish it is to try and cure it by drugging the stomach. Temporary relief may be given, but a cure seldom comes.  
Until recently your physician would have said the only way to cure catarrh would be to have a change of climate; but now with Hyomei you can carry a health giving climate in your vest pocket and by breathing it a few minutes four times a day soon cure yourself.  
The complete Hyomei outfit costs but \$1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her method of treating diseases of the respiratory organs.  
H. H. Dunn & Co., sold a great many Hyomei outfits and the more they sell, the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not cure.

**Articles of Incorporation of Slipp-Gruenhagen Company, of Brainerd, Minnesota.**  
Know All Men by These Presents, That we, the undersigned, whose names are hereto subscribed, do hereby associate ourselves together and agree to become a corporation under and by virtue of Title 2, Chapter 34 of the General Statutes of 1894 of the State of Minnesota, and all acts amendatory thereof and supplementary thereto, and to that end and for that purpose, do hereby agree to, adopt and sign the following articles of incorporation, that is to say:  
**ARTICLE I.**  
The name of the corporation shall be "SLIPP-GRUENHAGEN COMPANY."  
The general nature of the business of the corporation shall be manufacturing, general repairing, buying, purchasing or otherwise acquiring, holding, owning, mortgaging, pledging, selling, exchanging, assigning, transferring, or otherwise disposing of, and dealing, investing and trading in goods, wares and merchandise of every class and description and carrying on and conducting a general mercantile and merchandising business.  
To lease, buy, sell, mortgage or pledge, use and hold all such property, real or personal, as may be necessary or convenient in connection with the said business, and do any and all things set forth in this certificate as objects, purposes, powers, or otherwise to the same extent and as fully as natural persons might do, and in any part of the world.

**ARTICLE II.**  
The time of the commencement of this corporation shall be the first day of June, in the year of Our Lord One Thousand Nine Hundred and Four, and the period of its continuance shall be twenty years.  
**ARTICLE III.**  
The amount of the capital stock of the corporation shall be forty thousand dollars (\$40,000) and the same shall be paid in such manner and amounts and at such times and upon such conditions as shall be prescribed by the board of directors of the corporation.

**ARTICLE IV.**  
The number of shares of the capital stock of the corporation shall be four hundred, (400) and the par value of each share shall be the sum of one hundred dollars (\$100).  
**ARTICLE V.**  
The highest amount of indebtedness or liability to which the corporation shall at any time be subject shall be the sum of fifteen thousand dollars (\$15,000).

**ARTICLE VI.**  
The names and places of residence of the persons forming the corporation are as follows, to-wit:  
F. H. Gruenhagen, Brainerd, Minnesota.  
F. J. Slipp, Brainerd, Minnesota.  
Edgar P. Slipp, Brainerd, Minnesota.

**ARTICLE VII.**  
The government of the corporation and the management of its affairs shall be vested in a board of three (3) directors, who shall be stockholders of the corporation.  
The members of the board of directors shall be elected at the annual meeting of the stockholders of the corporation, or at any adjournment thereof, for the term of one year and until their successors are elected and qualified.  
The first board of directors of the corporation shall consist of F. H. Gruenhagen, F. J. Slipp and Edgar P. Slipp, all of Brainerd, Minnesota, and they shall hold office until the first annual meeting of the stockholders of the corporation as provided for in this article and until their successors are elected and qualified.  
The first annual meeting of the stockholders of the corporation shall be held at its office in the City of Brainerd, Minnesota, on the second day of January, 1905, at ten o'clock in the forenoon of said day.  
Thereafter, the annual meeting of the stockholders of the corporation shall be held at its office in Brainerd, Minnesota, on the second Tuesday of January in each year, at the hour of ten o'clock in the forenoon.  
The board of directors shall hold its first meeting for the year immediately after the annual stockholders' meeting, or immediately after the election of the directors at such annual meeting or any adjournment thereof. At such first meeting the board of directors shall elect from its own number a president, a vice president, a secretary and a treasurer who shall constitute the officers of the corporation and shall hold office for one year and until their successors have been elected and qualified. The office of secretary and treasurer may be held by the same person.  
Any vacancy in the board of directors or in any of said offices shall be filled by the board of directors for the unexpired term. And the board of directors shall formulate and adopt all necessary by-laws for the corporation and may from time to time change, alter and amend the same as may be determined.  
Until the first election of officers by the board of directors immediately following the first annual meeting of the stockholders of the corporation to be held in January, 1905, the officers of the corporation shall be as follows, to-wit: F. H. Gruenhagen shall be the president, Edgar P. Slipp shall be the vice president and F. J. Slipp shall be the secretary and treasurer.

**SITUATION UNCHANGED.**  
No Developments of Importance in the Perdicaris Case.  
Washington, June 7.—The following cablegram was received at the state department Monday from Consul Gummere, dated Tangier, June 6:  
"Feast passed without disturbance. Situation unchanged. Awaiting reply from court."  
A mail report of May 20 from the consul general relative to the Perdicaris affair was received by the department Monday. The report spoke bitterly of the situation and said that there is no doubt that the kidnapping of Perdicaris, although he had been public benefactor, was most popular with the Moors, who openly declared that this first incident will be followed by others of the kind.  
The whole country, the report said, appears to be seething with discontent and the government is well nigh powerless. The consul general regarded it as of the utmost importance that a warship be sent. The Americans' standing in Morocco, he said, has not been one of importance and the Moors have little or no regard for the United States or its representatives, considering them as of little importance. Mr. Gummere's report showed that he was much impressed with the gravity of the situation, and expressed a conviction that it was only by an extremely delicate negotiation that very serious consequences could be averted.

## GO INTO CAMP JUNE 14

### Third Regiment of the Minnesota National Guard Will Go to Lake City the Middle of this Month.

Plans for the annual encampment of the Minnesota national guard at Lakeview have been prepared by the adjutant general's office. The third regiment of infantry will be the first to go to camp this year arriving there June 14. It will leave St. Paul on a special train at 8:45 a. m. and arrive at the camp about 11 o'clock. The regiment will remain in camp until June 23.

The First artillery, consisting of Battery A of St. Paul and Battery B of Minneapolis, the field and staff officers, and the Second regiment of infantry will be in camp from July 5 to July 14.

The First regiment, which consists of four companies from Minneapolis, three from St. Paul, one from Stillwater, and one from Red Wing, will be in camp July 18 to 27.

**Driven to Desperation.**  
Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in burns, cuts, wounds, ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25c at H. P. Dunn & Co.'s drug store.

**Still Twine Left.**  
The Northern Pacific bank received the following communication from Warden Wolfer, of the State Penitentiary today, which may be of interest to some of the farmers of the county:

"The newspapers throughout the state have published as news items that the prison twine was all sold. It is true we were obliged to quit taking club orders early in February, but we reserved 500,000 pounds to fill small cash orders after May 1st, as provided by law. We still have some of this left, and can fill small cash orders direct to farmers as long as it lasts."

Constipation causes two-thirds of all sickness in the world. Hollister's Rocky Mountain Tea positively cures constipation. No cure no pay. 35 cents.

The party who took the flowers from the flower pots outside the home of Mr. and Mrs. E. B. McCullough was seen and is known. Notice is given that if the act is repeated that an arrest will follow notwithstanding the intruder thinks she is a respectable woman. 2tf

**Startling Evidence**  
Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, coughs and colds to be unequalled. A recent expression from T. J. McFarland, Benterville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by H. P. ## DO NOT DOSE THE STOMACH

Cure Catarrh by Nature's Own Method—  
Every Breath of Hyomei Brings relief.

Nearly every one who has catarrh knows how foolish it is to try and cure it by dragging the stomach. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would have said the only way to cure catarrh would be to have a change of climate; but now with Hyomei you can carry a health giving climate in your vest pocket and by breathing it a few minutes four times a day soon cure yourself.

The complete Hyomei outfit costs but \$1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows nature in her method of treating diseases of the respiratory organs.

H. H. Dunn & Co., sold a great many Hyomei outfits and the more they sell, the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not cure.

## Articles of Incorporation of Slipp-Gruenhagen Company, of Brainerd, Minnesota.

Know All Men by These Presents, That we, the undersigned, whose names are hereto subscribed, do hereby associate ourselves together and agree to become a corporation under and by virtue of Title 2, Chapter 34 of the General Statutes of 1894 of the State of Minnesota, and all acts amendatory thereof and supplementary thereto, and to that end and for that purpose, do hereby agree to, adopt and sign the following articles of incorporation, that is to say:

**ARTICLE I.**  
The name of the corporation shall be "SLIPP GRUENHAGEN COMPANY."  
The general nature of the business of the corporation shall be manufacturing, general repairing, buying, purchasing, otherwise acquiring, holding, owning, mortgaging, pledging, selling, exchanging, assigning, transferring, or otherwise disposing of, and dealing, investing and trading in goods, wares and merchandise of every class and description and carrying on and conducting a general mercantile and merchandising business.

To lease, buy, sell, mortgage or pledge, use and hold all such property, real or personal, as may be necessary or convenient in connection with the said business, and do any and all things set forth in this certificate as objects, purposes, powers, or otherwise to the same extent and as fully as natural persons might do, and in any part of the world.

**ARTICLE II.**  
The time of the commencement of this corporation shall be the first day of June, in the year of Our Lord One Thousand Nine Hundred and Four, and the period of its continuance shall be twenty years.

**ARTICLE III.**  
The amount of the capital stock of the corporation shall be forty thousand dollars (\$40,000) and the same shall be paid in such manner and amounts and at such times and upon such conditions as shall be prescribed by the board of directors of the corporation.

**ARTICLE IV.**  
The number of shares of the capital stock of the corporation shall be four hundred, (400) and the par value of each share shall be the sum of one hundred dollars (\$100).

**ARTICLE V.**  
The highest amount of indebtedness or liability to which the corporation shall at any time be subject shall be the sum of fifteen thousand dollars (\$15,000).

**ARTICLE VI.**  
The names and places of residence of the persons forming the corporation are as follows, to-wit:  
F. H. Gruenhagen, Brainerd, Minnesota.  
E. J. Slipp, Brainerd, Minnesota.  
Edgar P. Slipp, Brainerd, Minnesota.

**ARTICLE VII.**  
The government of the corporation and the management of its affairs shall be vested in a board of three (3) directors, who shall be stockholders of the corporation.

The members of the board of directors shall be elected at the annual meeting of the stockholders of the corporation, or at any adjournment thereof, for the term of one year and until their successors are elected and qualified.

The first board of directors of the corporation shall consist of F. H. Gruenhagen, F. J. Slipp and Edgar P. Slipp, all of Brainerd, Minnesota, and they shall hold office until the first annual meeting of the stockholders of the corporation as provided for in this article and until their successors are elected and qualified.

The first annual meeting of the stockholders of the corporation shall be held at its office in the City of Brainerd, Minnesota, on the second day of January, 1905, at ten o'clock in the forenoon of said day.

Thereafter, the annual meeting of the stockholders of the corporation shall be held at its office in Brainerd, Minnesota, on the second Tuesday of January in each year, at the hour of ten o'clock in the forenoon.

The board of directors shall hold its first meeting for the year immediately after the annual stockholders' meeting, or immediately after the election of the directors at such annual meeting or any adjournment thereof. At such first meeting the board of directors shall elect from its own number a president, a vice president, a secretary and a treasurer who shall constitute the officers of the corporation and shall hold office for one year and until their successors have been elected and qualified. The office of secretary and treasurer may be held by the same person.

Any vacancy in the board of directors or in any of said offices shall be filled by the board of directors for the unexpired term. And the board of directors shall formulate and adopt all necessary by-laws for the corporation and may from time to time change, alter and amend the same as may be determined.

Until the first election of officers by the board of directors immediately following the first annual meeting of the stockholders of the corporation to be held in January, 1905, the officers of the corporation shall be as follows, to-wit: F. H. Gruenhagen shall be the president, Edgar P. Slipp shall be the vice president and F. J. Slipp shall be the secretary and treasurer.

In Testimony Whereof, The incorporators above named have hereunto set their hands and seals at Brainerd, Minnesota, this 20th day of May, A. D. 1904.

## SITUATION UNCHANGED.

### No Developments of Importance in the Perdicaris Case.

Washington, June 7.—The following cablegram was received at the state department Monday from Consul Gummere, dated Tangier, June 6: "Feast passed without disturbance. Situation unchanged. Awaiting reply from court."

A mail report of May 20 from the consul general relative to the Perdicaris affair was received by the department Monday. The report spoke bitterly of the situation and said that there is no doubt that the kidnapping of Perdicaris, although he had been public benefactor, was most popular with the Moors, who openly declared that this first incident will be followed by others of the kind.

The whole country, the report said, appears to be seething with discontent and the government is well nigh powerless. The consul general regarded it as of the utmost importance that a warship be sent. The Americans' standing in Morocco, he said, has not been one of importance and the Moors have little or no regard for the United States or its representatives, considering them as of little importance. Mr. Gummere's report showed that he was much impressed with the gravity of the situation, and expressed a conviction that it was only by an extremely delicate negotiation that very serious consequences could be averted.
